

Please ensure that LPFM stations do not take priority over current FM translator services. This would affect our local K-LOVE station (heard on 89.9, 91.9 and 88.1). K-LOVE is a very important part of my family's life as it is the only Christian radio station that can be heard locally. I believe that not only is this of significant service to my family, but the family-based programming offered by this station is of significant value to the public. If this service were to be displaced by LPFM broadcasters providing other programming, there would no longer be any Christian, family based programming available in my area. Thank you for your consideration.
